

BOX, Corona and Par (canvas)

Corona and Par

This is a total digital freehand creation. I was given a golf ball and the assignment was to create a total digital drawing around it. A Corona bottle with a golf ball on top and an over grown field in the background, just one hole flag peeks out. Yea, my blood Mom played pro golf. Sis and I don't.

Features

Modify and Transfer

- One prim canvas with artwork on front and canvas back image.
- Artwork image texture included inside canvas.
- Includes a Copy/Modify Texture(s)
- Certificate viewer with certificate and info

Copyable products can be redelivered. If you lose your items, both the SL Marketplace and CasperVend systems can redeliver your purchase.

Please do not resale these textures and patterns by themselves in Second Life. Do not sell them on other Vrs without permission. Do not use them in RL products. Contact me in SL for any other SL or RL use. In SL, they must be part of a build and not as Full Permissions. (Full Perm). Refer to the Second Life Terms of Service <https://www.lindenlab.com/legal/second-life-terms-and-conditions>

UNPACKING CASPERVEND

CasperVend items come in a box and will probably show up in your Objects Folder. You'll need to rez the box and open it to copy to your inventory. Since there are no copy permissions, you'll get a message that they have to move to inventory. There is a Sandbox on the Milda shops.

UNPACKING SL MARKETPLACE

Markerplace purchases most likely will not be boxed and can be viewed in the contents tab on the product page. Those items will go to your Received Items Folder in your Inventory. Items with no copy permissions, will move in and out of inventory as you rez them and take them back.
