

# Cyclone Boiler Power Plant

These are diagrams from a past project with a KC MO Power Company. There is a rendering of the basic boiler and the PID diagram of that boiler. There are multiple diagrams of a few of the systems in the power plant, but it is not a complete set.

## FEATURES

- Transfer Only
- Diagram images inside Book
- Multiple diagrams

## UNPACKING CASPERVEND

CasperVend items come in a box and will probably show up in your Objects Folder. You'll need to rez the box and open it to copy to your inventory. Since there are no copy permissions, you'll get a message that they have to move to inventory. There is a Sandbox on the Milda shops.

## UNPACKING SL MARKETPLACE

Markerplace purchases most likely will not be boxed and can be viewed in the contents tab on the product page. Those items will go to your Received Items Folder in your Inventory. Items with no copy permissions, will move in and out of inventory as you rez them and take them back.

## INFORMATION

Full project and artwork information at <http://thunderchild.net>.

## Description:

This cyclone boiler is a coal fired power plant. The diagrams and renderings show the three steam systems, turbine and boiler.
