

PUNKY ROOSTER RUGS, SOLID TEXTURES MENU SET

These are solid colored backgrounds rugs. They are on a basic prim.

One of the rugs has a selection menu so you can choose the rug you want at any time.

Multiple smaller Punky Roosters in the background and one large punky rooster in the middle. A edge board design frames in the rug. The rug can be stretched to larger or smaller sizes.

This is a collection of the rug pairs available for the summer of 2020. If there's a color you want that isn't displayed, send me the RGB values of the background you want and I'll get one created for you.

UNPACKING CASPERVEND

CasperVend items come in a box and will probably show up in your Objects Folder. You'll need to rez the box and open it to copy to your inventory. Since there are no copy permissions, you'll get a message that they have to move to inventory. There is a Sandbox on the Milda shops.

UNPACKING SL MARKETPLACE

Markerplace purchases most likely will not be boxed and can be viewed in the contents tab on the product page. Those items will go to your Received Items Folder in your Inventory. Items with no copy permissions, will move in and out of inventory as you rez them and take them back.
