

BOX,Real Life Soda Catalog & Can Sample (Rated General)

One catalog of RL soda labels with a menu driven mesh soda can.

FEATURES

- Transfer Only
- 1 Mesh book with animations, information & label collection.
- 1 mesh can with sample labels & menu driven

The can is a Mesh creation with it's top images (open and closed) by Jenny Collazo. The scripts are by Blu Heron and provided by Jenny along with six of the main stream labels (Pepsi, Mt. Dew, Dr Pepper, 7Up, Coke & Finta Orange. I purchase these with full permissions under a TOS.

The labels I have applied are created totally from my art and computer (ie. The Crash of Rhinos & Punky Rooster).

Copy-able products can be redelivered. If you lose your items, both the SL Marketplace and CasperVend systems can redeliver your purchase. If that fails, please contact me.

UNPACKING CASPERVEND

CasperVend items come in a box and will probably show up in your Objects Folder. You'll need to rez the box and open it to copy to your inventory. Since there are no copy permissions, you'll get a message that they have to move to inventory. There is a Sandbox on the Milda shops.

UNPACKING SL MARKETPLACE

Marketplace purchases most likely will not be boxed and can be viewed in the contents tab on the product page. Those items will go to your Received Items Folder in your Inventory. Items with no copy permissions, will move in and out of inventory as you rez them and take them back.
