Copyable products can be redelivered. If you lose your items, both the SL Marketplace and CasperVend systems can redeliver your purchase.

UNPACKING CASPERVEND

CasperVend items come in a box and will probably show up in your Objects Folder. You'll need to rez the box and open it to copy to your inventory. Since there are no copy permissions, you'll get a message that they have to move to inventory. There is a Sandbox on the Milda shops.

UNPACKING SL MARKETPLACE

Markerplace purchases most likely will not be boxed and can be viewed in the contents tab on the product page. Those items will go to your Received Items Folder in your Inventory. Items with no copy permissions, will move in and out of inventory as you rez them and take them back.

INFORMATION

The subjects are as follows.

The ram's skull is mine and represents me. It's generally hanging in the house with a dream-catcher behind it. The cat is an urn and contains my last male best buddy, named Scsi (it's a computer interface pronounced Scuzzi). The rose is a leather hand creation. I taught one of my best friends how to make them and we did a bunch to try and sell. The stem is barbed wire. The leaves have twisted floral wire frame and one shade green leather on one side and a different on the other. The rose petals are leather petal sets of various sizes and shapes.

The Harley Davidson mug is a gift from another best friend. I have a set of large mugs that I use to drink from. The Harley logo had to be digitally removed for sales in this market. The Lateran is an original Frisco Railroad Brakeman's Lateran. My Dad worked for the Frisco till retirement. He acquired two of these antiques during his time there. One of my Granddads also worked for the railroads. I almost worked for the railroads, but did not. I am a Railroad enthusiast and had a large model train structure as a kid. The shelving and background are made up and created after all the elements were completed to satisfaction.
