- Provides PDF URL links for info on sites and space stations.

## INFORMATION

Information HUD to supplement self-guided tours of the sites and space stations. These are PDF documents maintained on the Internet at <https://thunderchild.net/SL/> and are dated with the last PDF publication. You can download the PDFs if you like.

This HUD is COY PERMISSION ONLY. I made one pretty small so it won't take up screen space.

Copyable products can be redelivered. If you lose your items, both the SL Marketplace and CasperVend systems can redeliver your purchase.

## UNPACKING CASPERVEND

This product is only available in Second Life (SL) on the Marketplace and in-world on CasperTech Vendors. It is free, so if you pay \$1 for it on CasperTech, you'll see it returned after the transaction

CasperVend items come in a box and will probably show up in your Objects Folder. You'll need to wear or rez the box and open it to copy to your inventory. Since there are no copy permissions, you'll get a message that they have to move to inventory.

## UNPACKING SL MARKETPLACE

Marketplace purchases most likely will not be boxed and can be viewed in the contents tab on the product page. Those items will go to your Received Items Folder in your Inventory. Items with no copy permissions, will move in and out of inventory as you rez them and take them back.
