

Black Sabbath Custom Leather

Black Sabbath Custom Leather (BSCL) provides individualized services and production of leather craft and goods on an design-build contract basis. We do not mass produce. We work with the customer to create desired designs for goods ranging from clothing, motorcycle gear, luggage, upholstery and other goods. We strive to bring your desires into reality. We also provide education on leather wear and goods, the various types of hides and uses, and how to care for your leather. Our ultimate goal is to gain a customer, not just a sales.

Black Sabbath Custom Leather originated with Donald R. Dye in San Diego, Ca. as a custom leather shop catering to the local bikers and community.

Don Designed the original Logo "The Goat" (shown above).

David Holding joined Black Sabbath in October 1991. David added the two mascots (Shown to the right) that are used in poster and promotional work.

As the sole survivor, David reopened Black Sabbath Custom Leather in Kansas City, Missouri in the Summer of 2008.

The logo received a banner with the company initials, "BSCL" above The Goat to improve looks and make an adequate clother tag.
