Canvas Artwork

NOTE:

This addresses all created and uncrated canvas artworks.

Canvas artwork comes either as a prim or a Mesh with copy and modify permissions. The textures and scripts inside are copy only. The Copy / modify permissions on the canvas will allow you to link it to a mesh or sculpted frame. You can copy the textures and scripts to another object for use or to a server for UUID calls.

You can view this artwork at TCGWS (Thunderchild Gallery Workshop) in Milda along the art walk, shops, or HoloVend areas.

All artworks will have either a demo or a HoloVend version to view.

Crates may contain an Information HUD. Uncreated items may have this come as a second item.
