Pecos Valley	Macaroon	28.352%	6/22/2023	7/24/2023	Sativa	smell minty. Dominant purple bract with green spots. Smaller number of orange stigmas and lite coating of trichomes.	tastes minty, Ocimene like.	good steady high, mentally calming and alert.	Medium tight bud, breaks up into little clumps and loose leaf.	
Phohibition 37	Tropical Runtz	24.710%	6/17/2023	8/2/2023	Sativa	smell pinene & black pepper. Dominantly green with purple bract, moderate stigmas and lots of thick trichomes tight nit.	mild spice	nice mental high	breaks up fine into loose leaf.	The bud has a smell that is pinene & black pepperish. The bract is dominantly green with purple, I like the purple in a bud. It also has a moderate number of stigmas and lots of thick trichomes. It is a tight nit bud. It breaks up fine, into loose leaf pieces, good for rolling or packing a bowl. It has a mild spice taste and a nice mental high.
Phohibition 37	Golden Poppy	23.039%	6/23/2023	8/2/2023	Hybrid	Green with nice purple spread on Bract, decent coating of orange stigmas, and even blanket of trichomes.	taste is fruity and flowery, Terpinolene.	Head high, Mental uplift, cerebral.	decently tight bud breaks up into loose leaf and non sticky.	The bud's bract is green with a nice purple spread all over. It has a decent coating of orange stigmas, and an even blanket of trichomes. The taste is fruity and flowery, Terpinolene like. It is a head high, mental uplift, and cerebral. It is a decently tight bud and breaks up into loose leaf and not sticky. Very nice for rolling.
Phohibition 37	Fruit Pie	28.741%	6/21/2023	8/2/2023	Sativa Hybrid	Smell nice Pepper. Green Bract, good coverage of orange stigmas, and good medium coating of trichomes.	Mild taste. Sweetish.	good buzz on first toke.	Medium tight bud, breaks up into little clumps and loose leaf.	The bud has a nice peppery smell. The Bract is basically green. There is a good coverage of orange stigmas, and a good medium coating of trichomes. The taste is mild and sweetish. It gives a good buzz on the first toke, head rush. It is a medium tight bud and breaks up into little clumps and loose leaf. Not ideal for rolling, best or the bowl.
Purlife	Amnesis K Lemon	26.400%	6/17/2023	8/2/2023	Sativa	smell earth, pinene, and barleygrass. Green Bract, good balance of reddish stigmas, and thick coating of trichomes.	earth taste	mildly uplifting, but seemed to drop quickly	decently dense bud, breaks down into leaf and clumps. Not really sticky.	The bud has a smell that is earthy, pinene, and barley grass. The bract is green and has a good balance of reddish stigmas, and thick coating of trichomes. Very earthy taste! Would go good with a heavy mocha stout. The high is mildly uplifting, but seemed to drop quickly. It is a decently dense bud. It breaks down into leaf fragments and clumps. Not really sticky. Best for bowl.
Purlife	Chocolate Waffles	27.600%	6/21/2023	8/2/2023	Sativa	smell musky peppery. Dominant green bract with specks of purple, mild number of stigmas, and lite blanket of trichomes.	earthy musky taste.	Uplifting, mental boost, euphoric.	semi dense sticky bud breaks up into little sticky clumps.	The bud smell is a nice musky, peppery one. It is a dominantly green bract with specks of purple, a mild number of stigmas, and a lite blanket of trichomes. It has an earthy musky taste, very representative of the smell. It is an uplifting, mental boost, and euphoric high. The bud is semi dense, sticky, and breaks up into little sticky clumps. Bowl for this bud.
Purlife	Lima Haze	31.500%	6/20/2023	8/2/2023	Sativa	smell fruity pinene earthy. Green bract, sparse orange stigmas, and light blanket of trichomes.	Mild earthy taste	mental boost, good high to start the day	tight bud breaks up into little sticky clumps.	The smell is fruity, pinene, and earthy. The bract is green with sparse orange stigmas, and a light blanket of trichomes. It has a mild earthy taste. The high is a nice mental boost, good high to start the day with. The bud is tight and breaks up into little sticky clumps. Morning bowl, not a roller.
R. Greenleaf	Ghost Train Haze	28.100%	6/17/2023	8/5/2023	Sativa	smells fruity. Green bract, sparse orange stigmas, and blanket of trichomes	sweet musky	calm energetic. Nice to sit and game by	broke up dry, into fine leaves	Ghost Train Haze is an old favorite of mine. The bud smells fruity and has a green bract. The bract has a sparse coating of orange stigmas, and a blanket of trichomes. It has a sweet musky taste well suited for the aroma. The high is a calm energetic one. Really nice to do hobbies or sit and game. The bud broke up dry into fine leaves.
R. Greenleaf	Jack Herer	24.300%	6/23/2023	8/5/2023	Sativa	Smell woody, Caryophyllene. Green with purple spots Bract, lots of Stigmas, and light coating of trichomes.	Mild woody or eather taste.	Good morning high, calm mental lift, great with coffee.	pretty dense bud that breaks up into fine leaf and not sticky.	Jack Herer is another standard favorite of mine, and not just for civil rights. Jack has a woody smell, caryophyllene like. The flower's bract is green with purple spots, lots of orange stigmas, and light coating of trichomes all over. The smoke's taste is mild and woody or earthy taste. It is a good morning high, calm mental lift and goes great with Death Wish coffee. It is a dense bud that breaks up into fine leaf and not sticky. Very rollable or packable.
Sandia Botanicals	Red Peppers	28.170%	6/20/2023	8/5/2023	Sativa	Smells fruity. Green and minimal purple Bract, medium amount of orange stigmas, and light blanket of trichomes.	mild fruity with dominant pepper taste	mildly mentally uplifting. Okay high.	firm bud that breaks up easily into rollable loose leaf, but didn't smoke well. Went to bong. Burned fast.	Red Peppers is a new one for me. It smells fruity. The bud is a green and minimal purple Bract, medium amount of orange stigmas, and a light blanket of trichomes. It is a nice-looking bud with green, purple, orange and white. The smoke has a mild fruit with a dominant pepper taste. One of the nicer flavors in the group. I smoke and work and the high was mildly and mentally uplifting. Okay high to be working one. The bud is firm and breaks up easily into rollable loose leaf. It didn't smoke well as a joint, so the bong prevailed.
Seed Junky	Pineapple Fruz	28.870%	6/18/2023	8/5/2023	Sativa	Smell earthy mild spice, Green and purple Bract, sparse orange stigmas, and light blanket of trichomes	mild fruity	nice body high	tends to clump.	Pineapple Fruz has a smell that is earthy with mild spice. The bud is a green and purple bract. I tend to like buds that have purple in their bract's. There's a sparse coating of orange stigmas, and a light blanket of trichomes. The taste is mild and fruity. This smoke gave a nice body high more than mental. The crumbled bud tends to clump. Pipe and bong materials
Seven Clover	Sticky Glue	25.220%	6/18/2023	8/5/2023	Sativa	Smell fruity, Green and purple Bract, sparse orange stigmas, and light blanket of trichomes	mild fruity	energetic head high	tends to clump.	Sticky Glue, this is one that had its popular name changed. Sticky Glue has a fruity smell. The bud is a green and purple bract with a sparse coating of orange stigmas, and a light blanket of trichomes all over the bract. The smoke's taste properly fits its smell, it is mild and fruity. The buzz is a nice energetic head high. A good one for company and conversation. The broken up flower tends to be clumpy, so pipe or bong.
Seven Clover	Arise	25.240%	6/21/2023	8/5/2023	Sativa	Smell airy, lite, peppery. Green and speckled purple, moderate amount of stigmas, and a steady coating of trichomes.	Mild Ocimene. Mildly sweet.	nice energetic mental high. Nice to work on.	fluffy bud with some stickiness. Breaks down into little sticky clumps.	Arise is a strain I grab when it's available. The bud smells airy or lite, and peppery. The bract is green and speckled purple. It has a moderate amount of orange stigmas, and a steady coating of trichomes all over. Peppery buds tend to be a favorite. My most memorable bud was bright green and definitely smelled like fresh ground black pepper. That was the 1980's. Arise has a mild Ocimene and sweetish taste. The buzz is a nice energetic mental high. It is an all-day smoke bud. Very nice to work on. The bud is fluffy with some stickiness. It breaks down into little sticky clumps. Not good for rolling but burns nice in bong.
The Growers Circle	Trop Cherries	24.130%	6/22/2023	8/5/2023	Sativa	Smell flower lavender. Total purple Bract and few orange stigmas. Light coating of trichomes.	earthy flower, Myrcene.	mental boost, good high to start the day	moderate dense bud, not sticky. Breaks up nicely into purple leaf.	Trop Cherries is a new strain for me. The bud has a smell of flower and lavender. It is a total purple Bract! There are a few orange stigmas and a light coating of trichomes. The smoke is an earthy flower taste, myrcene like. I expected more lavender flavor, but this was more earth. The high is a mental boost. It is another good morning high to start the day with. The bud is moderately dense and not sticky. It breaks up nicely into purple leaf fragments. Real pretty on the tray. Smokes smooth.
Urban Wellness	Blue Dream	25.840%	6/22/2023	8/5/2023	Sativa	Smell mild musky. Green Bract with moderate amount of stigmas, and even blanket of trichomes.	Linalool taste, flowery, mild.	Nice working High, nice to sit and work on things.	Moderate tight bud, not fluffy not dense. Breaks up easily into loose leaf. Seemed to burn fast.	Blue Dream is another favorite of mine. It would only be better if it was "Blue Dream chocolate Turtle"! The bract has a mild musky smell that's pleasing. The bract is green with moderate amounts of stigmas, and an even blanket of trichomes. The smoke's taste is mild with linalool and flowery tones. The buzz is a nice working high, mental. It was nice to sit and work on things. The bud is moderately tight, not fluffy nor dense. It breaks up easily into loose leaf fragments. It did seem to burn fast, but had a nice lasting high from it.
