

NOTE:

THESE ARE TRANSFER ONLY PERMISSION DRINKS IN A CAN.

The can is transfer only. It can be obtained by anyone and passed around. Single cans come unpackaged and ready to use. The collection set comes in a decorative crate. There are cans with multiple labels selected by a menu on touch. You can request a specific set of labels for a can. Basic single texture cans are available for the lowest price.

If you rez the can and it is upright, you can adjust the can after attaching it to your hand. Tilted when rezzed for wearing (x:358.85001,y:73.95001,z:190.09999) I find that there are certain rotations I want for certain labels, and you probably will too.

The can is a Mesh creation with its top images (open and closed) by Jenny Collazo. The scripts are by Blu Heron and provided by Jenny.

FEATURES

- Machine Box gives the can on rez or wear. Then it deletes.
- One can with label, script and animation.
- The animation script swaps the top texture out for open when being worn.
- Transfer only items will move in and out of inventory as you rez them and take them back.
- Seven different label sets, each with menu selection.
