

NOTE:

THESE ARE FULL PERMISSION TEXTURES

The crate texture is made from in-shop elements and the art set a "Crash of Rhinos". These are made as individual sides for a box. These textures are used to make textures for the Mesh Crate made by T-3D.

This packaging is in a basic prim with a linked label. There is a limited permissions script to change the textures on all sides at a touch. Removed the unpacking script to use this with textures.

There are 7 sets of textures available in this line. Labeled Set-A through Set-G. A mega pack contains all 7 sets, A through G.

FEATURES

- Prim box with attached label, Full Perm to modify
- 21 full permission textures, 26 on Cv2
- Box unpacks on rez or attach.
