Please do not resale these textures and patterns by themselves in Second Life. Do not sell them on other VRs without permission. Do not use them in RL products. Contact me in SL for any other SL or RL use. In SL, they must be part of a build and not as Full Permissions. (Full Perm). Refer to the Second Life Terms of Service <https://www.lindenlab.com/legal/second-life-terms-and-conditions>

UNPACKING CASPERVEND

CasperVend items come in a box and will probably show up in your Objects Folder. You'll need to rez the box and open it to copy to your inventory. Since there are no copy permissions, you'll get a message that they have to move to inventory. There is a Sandbox on the Milda shops.

UNPACKING SL MARKETPLACE

Markerplace purchases most likely will not be boxed and can be viewed in the contents tab on the product page. Those items will go to your Received Items Folder in your Inventory. Items with no copy permissions, will move in and out of inventory as you rez them and take them back.

INFORMATION

These boxes textures can be viewed in-world at the main site in Milda. A rezzer is at the SLurl for rezzing and viewing the crates. Full Perm textures are available at AJ's Texture Gallery individually or as a group. The textures can be bought as single sides textures or as a full pattern for the Mesh boxes by T-3D Creations.
