

TILE GROUPS FOR MARCH 2023

NOTE:

Tile Groups include the collection sets for single tiles (generally 1024x1024 or 512x512) or packaged with textures of the same suit (all wood set or all Fractal blocks). A suit packaged will include the single tiles, a set of quad groups textures, and possible a few of multiple tile patterns.

These textures can be purchased with full permissions individually at AJ's Texture Gallery in the Milda Region. The individual images, masks and templates used to make the final images are also available. You can view and purchase them individually or at a discount of all items per vendor. If you'd like to have a customs collection set at a discount, send me a notecard of the items you'd like packaged together.

Demo objects are a table with the texture applied to the top or a two pair block object. The horizontal and vertical scaling is noted with the demo. The table is either 1x1 or 4x4. The smaller block is 1x1 all sides and the larger block is 3x3 all sides.

Touch the object to change the texture. The object has a 3-hour life span.

Full permission textures come with a HUD with links to the zip file for download on Google Drive. Other links include the TOS, product information, and other storefronts.
