FEATURES

- Controls tints and color features
- Additional HUDs for clothing textures available.
- HUD channel 3114.

HUD & USE

The HUD system I use is by Creative Designs. The HUD and clothing work on a channel number, Similar clothing lines will have the same channel number. All Women's Oversized T-Shirts by White Canvas with the SKU **ovrsztsht,wc1** are on the same channel and can be used with all the sets of HUDs for this shirt. The HUD provides control for color tinting, shininess, glow, alpha, texture and bright for the clothing.

Once you've added the clothing to what you are wearing, double click on the HUD to attach it to the screen. You can move it around using the editing tools. Hit the open/close button to close and reopen it so the scripts have all reset.

You will need to touch the select the shirt button and then touch the select texture button. This ensures the clothing is selected.

You can now play with the other sections. The Color tinting will apply a color to the clothing. The sizing buttons will change the overall size of the clothing to a certain degree. The eye on the Alpha row, will make the clothing transparent. The Red Xs will cancel any one of the alterations.

The Info & RL Links provide information and landmarks for inworld sites. The HUD label will open the SL Marketplace page and the URL PDF will open the current PDF file from SL.Thunderchild.net.

HOLOVEND VIEW

You can see this item inworld at the Suns Deck HoloVend areas at TCGWS in Milda. Additional HUDs can be rezzed with clothing items and tested. You can even wear your shirt and test other HUDs for textures you like.
