Made it past the 2nd year of being a merchant in SL. Reorganized my goals and started reorganizing the merchandise in Second Life and Real Life. Along with that, I made this HUD for my site information and Links. The Icons are noted below.

This HUD provides Information and web links for information and products. The HUD has an image, notecard and landmark inside that it gives when those icons are touched. The Links are to online stores that produce products on demand, websites with information and FYI, and my homepage and music site.

FEATURES

- HUD with Information and Links
- Links to my Second Life Marketplace Store.
- Links to online stores for RL good to match the SL compliments.
- Landmark to mains site for Holo-Vending and discount vendors.
- Transfer permission so you can give to someone.

HOLOVEND VIEW

I'm setting up Casper HoloVend displays for my products as I go through and reorganize them. You can see these items inworld on display or at one of the HoloVend areas at TCGWS in Milda. The textures are available as full permission textures from AJ's Texture Gallery in Akhsharumova where they can be purchased individually or as a set with a discount.
