UNPACKING CASPERVEND

CasperVend items come in a box and will probably show up in your Objects Folder. You'll need to rez the box and open it to copy to your inventory. Since there are no copy permissions, you'll get a message that they have to move to inventory.

There is a Sandbox on the Milda shops.

UNPACKING SL MARKETPLACE

Markerplace purchases most likely will not be boxed and can be viewed in the contents tab on the product page. Those items will go to your Received Items Folder in your Inventory. Items with no copy permissions, will move in and out of inventory as you rez them and take them back.

There are lots of slogan around. Here are some of the ones I've collected. I made them for biker vests and jackets. Some may have angled images to be on patches above the breast pockets. If you need one adjusted after purchase, come see me and well make time to customize it for you. This also come with one image texture of each item for you to use.
