Sandboxes are not residents or business spots. They are for builders to use for projects that take longer periods of time than offered at other sandboxes. There are two platforms per sandbox and they have Casper Teleport pads between the two. The lower platform has a teleport pad between the ground and the platform.

This is a moderate area. Public nudity is generally acceptable but keep adult activities must be in private area or inside something out of sight. An opaque shield can be added to the domes or platform.

Everyone is considered a responsible adult and treated as such regardless of your avatar form. Flying and voice is allowed for everyone and between sections and other parcels. Please manage your voice controls and language accordingly.
