## NOTE:

These are textures. There is a full permissions set and a copy modify set. These textures are sold individually and in sets.

Set 1 contains the original 740 texture set.  These are available on the SL marketplace and inworld on Casper Vendors.  They are sold as full permission textures inworld on Casper texture vendors and in prepackaged sets on standard vendors. Inworld vendors have public and group discounts.

The entire set is sold in one crate package.  Inside the crate, are four spheres with groups of the texture set.  There are 180+ in two and 190+ in the other two.  There is no download HUD for this set.
