### POINTS OF INTEREST

There are a lot of things in the surrounding space, and not all space junk. We're in a process of gathering info one where to gather list of points of interest (POI) for the area. A list of GTFO and DSL POIs are listed here.

#### ***The Drivers of Second Life (DSL)***

The DSL has a grid drive every Saturday. You can get the drive HUD from their HQ in [Bruissac Bay](#), <http://maps.secondlife.com/secondlife/Bruissac/89/61/36>. Touch the Trophy on top of the filing cabinets. The filing cabinets have all the drive HUDs from the past by year and month. To get there, grab a vehicle from the parking lot and head east on Route-8. Depending on speed and baring any casualties on the way, it's about 4 to 6 minutes from TCGWS.

Reference this link: <http://sl.thunderchild.net/doc/HubInfo-DoSL.pdf> for site specific info for this group.

Individual businesses will place the DLS Logo near the road, air route or other vicinity of drivers with the HUD. The HUD will message one of a few messages to the driver about the site and services there.

Driving along Route-8 you can find several spots with DSL responses. Here's some I got.

## Get The Freight Out (GTFO)

TCGWS is a Hub for messengers, road vehicles, small and large helicopters. The SSTC is a Hub for all size space ships.
